REQUEST FOR CORRECTION OF ENTITY STATUS

Bellevue, Washington 98004

May 31, 2007

TO THE DIRECTOR OF THE PATENT AND TRADEMARK OFFICE:

Please note that the assignee of United States patent number 6,657,351 qualifies as a small entity.

The issue fee was paid at and accepted by the USPTO based on the assignee qualifying as a small entity. On July 31, 2003, documentation verifying that the application should be listed as a small entity was submitted to the USPTO.

Yet, current USPTO records incorrectly indicate that the above identified patent represents a large entity. That is incorrect.

Please immediately update the record to reflect small entity status for U.S. Patent No. 6,657,351.

Thank you for your attention to this matter.

Respectfully submitted,

/mike king/
